Some of the above videos supplement curriculum-based programmes and workshops offered by The Circle Connection to primary schools and educators in Durban. Kalahari Fires was used in a formal reception study to assess learners attitudes towards present day San prior and after watching this video. Learners in the Senior Primary classes at the following schools participated in 2002: Private schools: Maris Stella, Thomas More. Government schools: Atholl Heights, Westville Senior Primary School, Pitlochry Primary School. Viewings of (often extracts) Kalahari Fires, I am, You are, A man, a journey and a camera were incorporated in programmes on: a) The Khoisan past and present - visual footage on cultural practices and to introduce learners to the change in lifestyles of communities from the South Eastern Kalahari and their visual depiction as seen in videos made by John Marshall in the 1950s and 1970s to present CCMS students’ videos; and b) the use of video as a visual historic and cultural source.
Information and experience gained on the CCMS Kalahari Field trips specifically relating to cultural practices and the changing political positions of the Kalahari Khoisan has also been disseminated orally to educators and learners from Grade 4s and 5s from 2002-2004.

Learners from schools who have attended The Circle Connection programmes at the Bergtheil Museum from 2002ff who have benefited from CCMS Kalahari Field trips and Vetkat Regopstaan Kruiper and fellow artists' exhibitions include: Westville Boys High School, Westville Senior Primary School, Clifton Preparatory School, Pinetown Senior Primary School, St Mary's DSG, Thomas More College, Ashley Primary School, Atholl Heights, and Pitlochy.

‘SAAMLOOP’, a collaborative Jewellery Exhibition by Durban University of Technology (DUT) Jewellery Design & Manufacture students work inspired by the art of the late Vetkat Regopstaan Kruiper. The exhibition is hosted by ARROW SA (Art: a Resource for Reconciliation Over the World), Centre for Communication and Media in Society (CCMS) and the opening is funded by the Faculty of Humanities, Development and Social Sciences, University of KwaZulu-Natal Durban. It opens Thursday, April 29 at the Bergtheil Museum, Queens Street, in Westville, Durban.

The exhibition of eclectic jewellery, in a range of materials, builds on the successful cultural exchange Kalahari trip coordinated by ARROW SA in 2009, when ARROW youth from Bechet High School in Sydenham, Durban including DUT jewellery design and manufacture students met Kalahari artists. The students interacted with the artists who were all friends of the late Vetkat Kruiper, whose art inspired the jewellery pieces exhibited at the 2009 ‘Dream...dream...dream’ exhibition. The students and crafts persons exchanged craft ideas and skills.

Proceeds from the exhibition were donated towards supporting the ARROW SA youth intercultural exchange programme. Five ARROW SA student participants from Bechet High School and the Centre for Communication, Media & Society (CCMS), University of KwaZulu-Natal (UKZN) have been selected to attend the ARROW Global Youth Congress in Plymouth, UK from 27 June till 3 July 2010. They will be accompanied by ARROW SA Coordinator, Ms Mary Lange.

In keeping with the ARROW vision, such intercultural exchanges aim 'to develop a global network of artists, educators, young people, organisations and institutions with a commitment to building bridges across perceived boundaries and barriers.'

"We hope to achieve this by sharing our stories, challenging prejudice and stereotypes, and developing the arts as a resource for reconciliation and the creative transformation of conflict," says ARROW SA coordinator, Ms Mary Lange.
