Genocide Studies, University of South Africa

Editorial policy

Critical Arts is a peer-reviewed journal. The journal
examines the relationship between texts and contexts of
'media in the Third World', cultural formations
and popular forms of expression. It aims to create
a space for an African and Third World perspective
on media (both formal and informal) in culture and society
theory. *Critical Arts* aims to challenge and engage
conventional academic practices that reinforce undemocratic
relations in society
